Mr. Walter E. Lenk
22 Priscilla Circle
Wellesley Hills, Massachusetts

Dear Mr. Lenk,

I would be very happy to accept your invitation to speak at the January 14th meeting of the Wellesley Amateur Radio Club. The subject of my talk will be "Solid-State Transmitters."

Since I am not too familiar with the Wellesley area, I would appreciate it if you would send me a map with the location of your meeting hall. I will come down Route 2 from Gardner and onto Route 128 South, unless you can suggest a better alternate.

Very 73,

 J. R. FISK, W1DTY, 4/28/68 11/25/68
